

Jason Blackman

Jason has spent the last 22 years managing and innovating logistics solutions across the Middle East and Africa. A Commerce Graduate of the University of Kwa-Zulu Natal, South Africa, Jason has spent his entire working life within Africa and other emerging markets and Jason has previously held numerous roles within DHL DP as Customer Operations Manager and Head of Customs and Brokerage for Sub Saharan Africa as well as providing legal and compliance support to the regional Management teams.

Jason is currently the Regional Operations Director for Marken Global Life Science Supply Chain Solutions for Africa, Middle East and Eastern Europe and has been instrumental in setting up a robust and sustainable network across the region. During his career Jason has been instrumental in setting up diverse operational solutions including e-commerce, pharma and cold chain and drugs transport across challenging environments, providing trade consulting to Customers wanting to penetrate new markets and ensuring all operation activities were compliant and in accordance with local regulatory requirements. In his spare time Jason enjoys researching air crash investigations, listening to good classical music and delving into history.
