

Tracey Venter

Tracey qualified as an Occupational Therapist in 2006 from the University of Witwatersrand, South Africa. She has worked within a variety of paediatric settings in South Africa and spent four years in Ireland gaining international experience. She is passionate about early intervention and working closely with families and schools.

Tracey is specialised in Sensory Integration and has completed her postgraduate training. She also holds a certificate in Therapeutic Listening and SOS (Sequential Oral Sensory) Approach to Feeding. Tracey is currently completing her DIR Floortime training.
